

LABOR RESOURCE OPTIONS

We are pleased to provide you with information on service companies that you can contact to help with your 3G/4G or CDMA upgrades to LTE.

These companies are not affiliated with Resideo in any way. In each case, you will directly negotiate your contract with the company to cover your unique needs.

MASTEC

MasTec has low voltage certified technicians with experience in upgrading 3G/4G and CDMA communicators to LTE. They require a 500-device minimum commitment.
