## **A Complete Water Leak Damage Defense System.**

The L Series:  
Water Control Products

The combined water leak control technology of the L Series water control products gives your customers the ability to stop leaks before damage may occur.

# Immediate Awareness with Comprehensive Protection

Most homeowners are unaware the average water damage insurance claim is £10,000\* until they experience a leak or flood. The Resideo Braukmann L5 WiFi water leak shutoff valve responds to water leaks with an automatic shutoff response, helping safeguard belongings along with the home's structure from potentially costly repairs. Add additional water leak and freeze detectors to provide an even greater level of assurance.

\*The Association of British Insurers

**Together, these products provide a complete water leak damage defense system.**

The L1 water leak and freeze detector and the L5 shutoff valve alert customers to leaking or freezing pipes, with the L5 shutoff valve providing water shutoff capability.

# PRODUCTS AND FEATURES

## L1 WiFi Water Leak and Freeze Detector

- Advanced leak awareness**  
 Alerts to leaks or frozen pipes with smartphone notifications, plus alerts on-site with LED lights and a 100 dBA alarm.
- Extend the reach**  
 Includes a 5 ft / 1.5 m cable that senses water along its entire length. Cover the entire home by adding additional devices or extend the sensor cables to expand coverage up to 500 ft / 152 m.
- Quick Setup**  
 The battery-operated device is installed near a water heater, washing machine, sink, or dishwasher; then, the Resideo Smart Home app guides you in connecting to your home WiFi. No hub or base is required.
- Reusable sensor cord**  
 Easily reset device after it detects water. When the cable is completely dry, plug it back in, and it's ready to use again. Or, keep extra sensor cables on your van.

MODELS	DESCRIPTIONS
RWLD3006-01	L1 WiFi water leak and freeze detector single pack with cable
WLD3CABLE-E	WiFi water leak detector accessory cable sensor (5 ft / 1.5 m)

SPECIFICATIONS	
Includes	Detector, 2 AA batteries, screws, water sensing cable
Sensor Cable	5 ft / 1.5 m
Warranty	2 Years

## L5 WiFi Water Leak Shutoff Valve

- Connected and in control**  
 The Resideo Smart Home app can be setup as a water leak detection control panel with notifications, customised alerts, and pre-set shutoff locations. The wireless functionality means customers can control their home's water from anywhere.
- Even better together**  
 Wirelessly pair the shutoff valve with any Resideo WiFi water leak and freeze detectors for reliable whole home protection.
- A legacy of quality**  
 For over 100 years, Braukmann has built a reputation for providing reliable water solutions for installers and homeowners.
- Automatic and accurate**  
 The shutoff valve shuts off the home's water supply when it detects water via the 5 ft / 1.5 m sensor cable attached to the device. Extend the leak detection range up to 500 ft / 152 m by adding additional sensor cables.
- Be their pro**  
 Customers can set alerts on the Resideo Smart Home app to notify you of any leak or shutoff events so you can provide the support they need right away.

MODELS	DESCRIPTIONS
VWS01Y015W	L5 WiFi water leak shutoff valve with 1/2 inch ball valve, includes 1 L1 WiFi leak detector
VWS01Y020W	L5 WiFi water leak shutoff valve with 3/4 inch ball valve, includes 1 L1 WiFi leak detector
VWS01Y025W	L5 WiFi water leak shutoff valve with 1 inch ball valve, includes 1 L1 WiFi leak detector
VWS01Y032W	L5 WiFi water leak shutoff valve with 1 1/4 inch valve, includes 1 L1 WiFi leak detector
VWS02Y015W	L5 WiFi water leak shutoff valve with 1/2 inch ball valve
VWS02Y020W	L5 WiFi water leak shutoff valve with 3/4 inch ball valve
VWS02Y025W	L5 WiFi water leak shutoff valve with 1 inch ball valve
VWS02Y032W	L5 WiFi water leak shutoff valve with 1 1/4 inch ball valve
W1AS	WiFi water leak detector accessory cable sensor (5 ft / 1.5 m)

SPECIFICATIONS	
L5 Actuator	Connects to WiFi and controls the Valve.
Ball Valve	Lead-free. Can be installed in any orientation.
Power Supply	10 ft / 3 m power adapter used to power the L5 actuator.
Metal Clip	Connects the actuator with the water ball valve.
Leak Detection Cable	A 5 ft / 1.5 m sensor cable is included. (Additional cables are available.)
Warranty	5 Years

# Water leak protection, where it matters most.

Working together, these products provide customers with added peace of mind, alerting them to leaking or freezing pipes. Plus, the water shutoff valve capability reduces potential household damage. It can all be managed on a smart phone via the Resideo Smart Home app, making this a must-have solution for today's tech-savvy homeowners.
