SECURITY. SAFETY.  
SMART CONTROL.

**TOGETHER,  
IN YOUR BUSINESS.**

ProSeries A7 Plus

ProSeries platform by Resideo.

Introducing the ProSeries platform.

# THE ULTIMATE SECURITY BLANKET, TAILORED TO FIT YOUR BUSINESS.

**We developed the ProSeries platform, our ultimate professional security system to bring security, safety and the smart business together in a way that makes it easier to control and grow over time.**

As a business owner, nothing matters more than protecting your business and your employees. ProSeries products offer professionally installed security and safety, detecting intruders, fire, floods and carbon monoxide. With professional monitoring around the clock, first-responders can be called for help when you need it most.

Along with professional security and life safety, the ProSeries family of products make your business smarter – and allows it to be managed together, from one system. ProSeries products connect your business with touch-screen panels and a built-in Amazon Alexa voice assistant. You can control your security settings, raise and/or lower your thermostat, adjust lighting and much more; all with the touch of a button or a simple voice command.

Just sit back, relax and let the Pros help you find the right solution so you can focus on what really matters.

When you're away, the Total Connect app ensures you stay in touch with your business. And when you get back, scene setting functions adjust lighting and thermostats automatically when you disarm the system – so you can enjoy a warm welcome.

## THE PROSERIES PACKAGE

World-class security

Whole-business safety

Smart business control
