

resideo + brilliant

Welcome to the future of smart homes

Transform and differentiate your homes with smart home technology that unifies the control of smart home products, lighting, Resideo security and more by simply replacing a light switch.

Sell Superior Smart Homes

Attract and delight more buyers with a built-in home control system that unifies your properties into smart, easy to use and secure homes.

Offer Popular Products

Build compelling smart home packages for your homes, buyers and budget featuring the brands and products that your buyers already know and want.

Drive Revenue & Growth

Increase the appeal, value and revenue potential of your homes while improving customer satisfaction.

Resideo + Brilliant: Making every home a true smart home

Build the perfect smart home system and upgrade packages for your homes and buyers

Home Control System

Security System

Thermostats

Video Doorbells

Cameras

Locks

Smart Plugs

Switches

Leak Detectors

Garage Openers

Sound System

Window Shades

Home Control

Brilliant provides an easy and affordable way for your customers to control and automate their homes using built-in touchscreen controls and an all-in-one mobile app: security, lighting, climate, access, cameras, music & more.

Security

Brilliant integrates with Resideo security, which lets your customers have a unified experience to arm/disarm, view cameras and more from any Brilliant control.

Comfort

Brilliant works with Honeywell Home thermostats and Resideo Water Leak & Freeze Detectors, making it easy for your customers to control and automate their home's climate and receive alerts when leak, freeze, temperature or humidity issues are detected.

Builder Benefits

- Sell differentiated and easy-to-use smart homes
- Increase revenue potential & perceived home value
- Offer packages/options featuring popular products
- Attract more buyers & improve customer satisfaction
- Low-cost & high-ROI feature/amenity as a standard
- Easy installation (Brilliant installs like a light switch)

Homebuyer Benefits

- Easy-to-use in-wall touchscreen controls
- All-in-one mobile app to control home from anywhere
- Open platform that works with popular products
- Works with Alexa, Google Assistant & Home Kit
- Improved energy efficiency, security & convenience
- Easy to add your own devices and automations
