

Connected security. Powered for pros.

With Resideo Pro-IQ™ services at the core, the Resideo platform helps you simplify operations, deliver connected experiences, and expand your business with confidence.

Built to support your business

Resideo helps security professionals streamline labor, strengthen customer relationships, and create new revenue opportunities.

Optimize labor

Boost efficiency for improved productivity

- Simplify installs
- Train new technicians quickly
- Minimize truck rolls with remote diagnostics

Drive loyalty

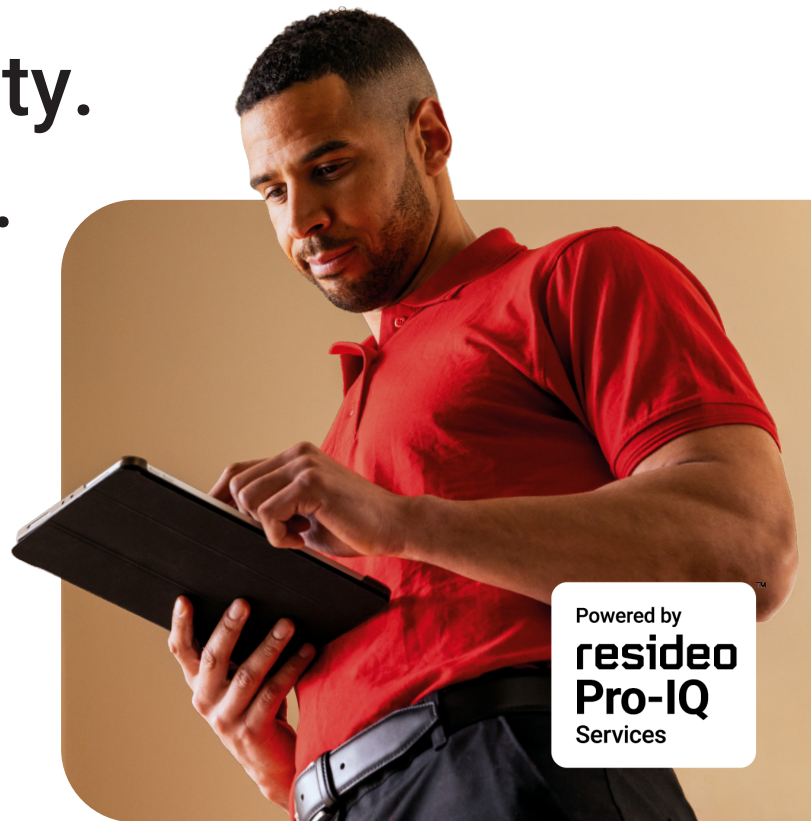

Build strong retention and support recurring revenue

- Consistent, reliable performance
- Direct connection for improved brand visibility
- Easy updates without disruption

Generate leads

Turn insights into action

- Identify upsell opportunities across your business
- Reach customers with the right offer at the right time
- Expand operations without added complexity

A seamless security platform

Create a connected experience through an easy-to-manage platform that simplifies control for end users and empowers pros to get the job done.

resideo

connect

Resideo Connect app

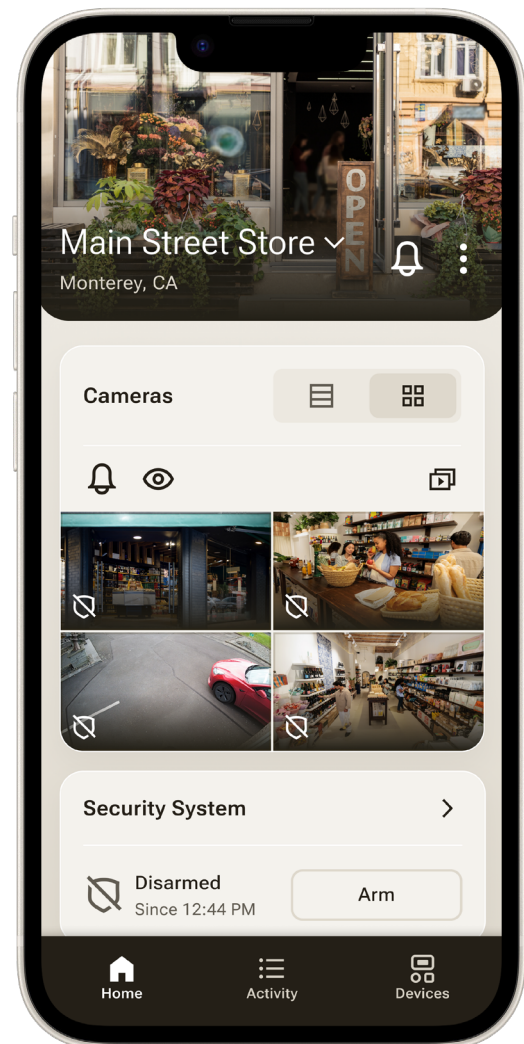

- One app for end-user management of security, video, comfort, and water
- Real-time alerts and effortless control
- Keeps your brand front and center

One solution for connected security

Resideo Pro-IQ™ Secure is a Pro-IQ services subscription for customers who need professionally monitored intrusion detection with the flexibility to add VX video capabilities. Designed for locations with security panels alone or panels paired with VX cameras, Pro-IQ Secure makes it easier to manage systems, support multiple locations, and stay connected through one centralized solution.

Pro-IQ Secure includes:

- Intrusion detection and professional monitoring with central station integration
- Support for security panels alone or panels paired with VX cameras
- Mobile app access
- Support for up to 64 VX cameras per location
- 30-day cloud storage for up to 3,000 clips per camera
- Basic AI-powered object detection
- Multi-site management
- A centralized dashboard for greater visibility and control
