

# CONNECT TO A SIMPLER, SMARTER SERVICE PROCESS

Introducing the Resideo Pro App.

Download the free Resideo Pro app to empower your team with an improved process that allows jobs to be closed quickly and confidently.

# QUICKER INSTALLATIONS, EASIER HAND-OFFS

Featuring fast installation and registration through Bluetooth or WiFi connections, you'll be able to remove the complexities around different phones, systems, and routers. Enjoy the seamless hand-off feature as you invite homeowners to link their new thermostat to your business via the cloud - allowing you to keep track of the devices in your customers' homes.

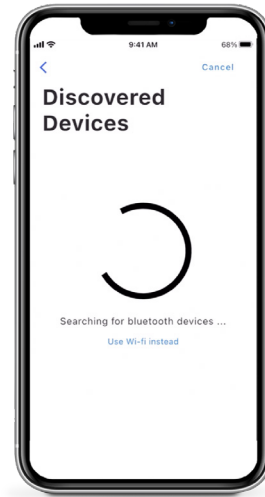

## Getting started is easy:

### For company admins

- Step 1: If your company doesn't already have one, create a Pro Portal account.
- Step 2: Send invites via email to your technicians to join the company account.

### For technicians

- Step 1: Accept the emailed invite from the company admin and create a personal Pro Portal account that's linked to the company account.
- Step 2: Download the Pro app.

## BENEFITS

### Easier installation

Removes the complexities around different phones, systems, and routers and makes installing T Series thermostats faster and easier by using Bluetooth (T5 and T6 WiFi connectable SKUs only) or WiFi (T9, 10, and T10+ WiFi connectable SKUs only) connections.

### Direct connection

Builds a connected relationship between your business, the homeowner, and their connected devices, allowing you to keep track of the devices in your customers' homes via the cloud.

### Homeowner Hand-off

Invite homeowners to use their smartphone app to jump right into WiFi setup, allowing them to skip any technical processes as they enter their WiFi credentials.

### Pro-IQ™ Services Enablement

If your company has subscribed to a service, it will automatically be activated once the homeowner registers their device and brings it online.
