VX5 Indoor Video Camera

CAMW-WI

Experience the epitome of indoor surveillance with VX5, our indoor video camera. This cutting-edge device is equipped with advanced event detection capabilities, ensuring that every movement is accurately identified - whether it's a person, pet, or vehicle. Customers can say goodbye to the hassle of unnecessary notifications and interruptions often associated with simple motion detection systems.

Homeowners can capture every detail with clarity and precision using a high-resolution 2MP camera featuring Wide Dynamic Range (WDR). Vibrant, lifelike video for both live monitoring and recorded playback ensures they never miss a moment. The automated privacy mode allows end users to decide when they want the selected area to be viewable or recorded. With just a glance, ensure your privacy remains intact without compromising on security.

Features and benefits

- **Advanced event detection**
  Differentiates between people, vehicles, packages, and animals—reducing unnecessary notifications and interruptions*
- **High-resolution 2MP camera with WDR**
  Provides vibrant, detailed video for live and recorded video
- **Privacy mode with shutter**
  Opens or closes the shutter from the app or on the camera for privacy assurance
- **Two-way interactive audio**
  Communicates with visitors inside the home using the app
- **Compact, modern design**
  Sleek modern design melts into the surroundings
- **Dual-band WiFi connectivity**
  Dual-band 2.4GHz and 5GHz WiFi provides flexibility and range performance while simplifying the installation
- **Built-in siren**
  Alerts pets or people in the home with a touch of a button
- **IR night vision**
  Wide angle views and IR night vision for complete awareness any time of day
- **NDAA-compliant**
  Compliant with NDAA Section 889—backed by trusted components, while system data is securely stored

*additional services packages required for vehicle, package and animal detection
