Security Solutions

At-A-Glance Product Guide

With a presence in 150 million homes, Resideo's smart home solutions help security dealers build their business for the future by offering a broad range of home security and automation solutions that help simplify their operations and strengthen relationships with their customers.

We offer residential and small-to-medium sized businesses a variety of Resideo security products. We are authorized to distribute the following security systems that seamlessly integrate with lighting, smart thermostats, and more for control whether at home or away:

ProSeries Platform
The ultimate connected home security system with dedicated touch-screen panels and built-in Amazon Alexa to control security settings, raise a thermostat, adjust smart bulbs and much more; all with the touch of a button or a simple voice command.

VISTA® H3 Hybrid Security Platform
The First Alert VISTA H3 is our premier hybrid intrusion panel that meets the needs of residential or SMB segments. The VISTA security platform has long been a trusted offering for safeguarding residential and commercial properties, with over 30 years of proven long-term reliability in millions of installs, delivering unparalleled peace of mind. The VISTA H3 hybrid panel, which is both wired and wireless, offers updates to keep up with the evolving needs of the security market.

VISTA® Platform
A proven security and life-safety platform that is highly flexible and scalable, offering a wide selection of hardwired and wireless sensors, numerous user interface options, and support for automation capabilities.

Other security and life-saving accessories, such as sensors, glassbreak detectors, combo smoke/CO detectors and keypads.
