**Contractor Name:**

**Date:**

This Program Agreement describes the Resideo RNC Potable Water Program with ("Contractor") and Resideo for the items listed below. This agreement will be effective upon the contractor signature and remains in effect through December 31, 2022. Resideo Standard Terms and Conditions of Sale apply.

**1.SCOPE**

Contractor is committing to purchase in one or both of the volume categories below of PRVs (DS05, DS06, FK06) and Mixing Valves (AM, AMX, MX, UMV) during 2022.

**2.PURCHASE, INVENTORY & REPORTING REQUIREMENTS**

Pro PERKS sales will be reviewed with Contractor on a quarterly basis to verify volume commitment is met and **if annual volume requirement is met, the bonus Pro PERKS points will be fulfilled in Q1 of the following calendar year.**

Bonus percentages of Pro PERKS points are not cumulative and the maximum points a contractor can earn is the higher of the percentages earned. For example, a contractor that normally receives 3% through the standard Pro PERKS and qualifies for 4% in the Pro PERKS RNC Potable Program would receive a total of 4% on eligible categories, not 7%.
