Security Solutions

At-A-Glance Product Guide

With a presence in 150 million homes, Resideo's smart home solutions help security dealers build their business for the future by offering a broad range of home security and automation solutions that help simplify their operations and strengthen relationships with their customers.

We offer residential and small-to-medium sized businesses a variety of Resideo security products. We are authorized to distribute the following security systems that seamlessly integrate with lighting, smart thermostats, and more for control whether at home or away:

ProSeries Platform
The ultimate connected home security system with dedicated touch-screen panels and built-in Amazon Alexa to control security settings, raise a thermostat, adjust smart bulbs and much more; all with the touch of a button or a simple voice command.

VISTA® Platform
A proven security and life-safety platform that is highly flexible and scalable, offering a wide selection of hardwired and wireless sensors, numerous user interface options, and support for automation capabilities.

LYNX® Platform
A professional wireless security and smart home platform with a wide selection of wireless sensors that offer fast and dependable installation.

Other security and life-saving accessories, such as sensors, glassbreak detectors, combo smoke/CO detectors and keypads.

Wireless Systems:

ProSeries Security and
Life Safety At-A-Glance

ProSeries products are a professional, next-generation security and life safety platform for residential and small business installations. With a modular design and seamless hardware and software, ProSeries offers an efficient, customized installation and a great user experience. It also features proven life safety, advanced smart home capabilities and technology that makes takeovers and upgrades easier than ever. The ProSeries platform helps you win more business, keep your customers longer and drive more profits.
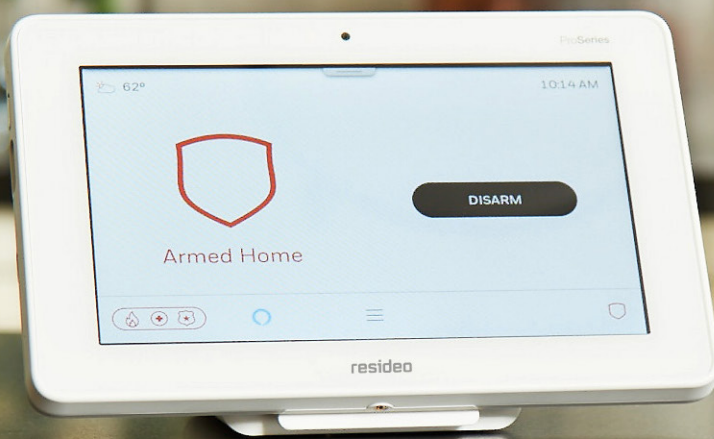

Available on ProSeries A7 Plus:
Built-in Amazon Alexa, Hands-free disarming, Built-in camera and MotionViewer® support

Hybrid Systems:

The VISTA® Residential and Light Commercial Family At-A-Glance

A proven security and life safety platform that's highly flexible and scalable, offering a wide selection of hardwired and wireless sensors, numerous user interface options, and support for automation capabilities.

VISTA-15P: With up to 32 zones, this workhorse is a proven solution with a massive installed base that's ideal for residential and small to medium business installations.

VISTA-20P: Expands to 48 zones and two partitions to meet the needs of larger residential and light commercial installations.

VISTA-21iP: All the power of VISTA-20P with integrated communications, including a built-in Internet Communicator and an optional snap-in radio.
