

Resideo Total Connect[®] 2.0 Dealer Branding

Promote your company inside the Total Connect 2.0 App!
Any active Total Connect 2.0 user can see your logo and company information on the log in screen and inside the app.

PROMOTE YOUR BRAND

By utilizing Resideo Total Connect® 2.0 Branding, you can promote your company anytime a user logs into Total Connect. Give your customers a personalized app experience to go along with their professionally installed and monitored security system.

Differentiate Yourself

By having your logo inside the app, your customers will remember your brand and be able to promote it to neighbors, friends, and family. An effortless way to differentiate yourself from competition!

Easier Customer Service

By having your company name, website, and phone number inside the app – you give your customers a simpler path to getting any support or service they may need. With a click of a button, they can call or visit your website to pay their bill, get technical support, upgrade services, or even contact their central monitoring station. You also can send a customer a message directly to their app by using AlarmNet 360®!

Self-Service Setup

Enter branding information, preview, and publish - then monitor update status of devices – all from inside AlarmNet 360!

HOW TO APPLY BRANDING

Setting up your custom branding can be done quickly inside AlarmNet 360. From here you can apply branding to Total Connect 2.0, ProSeries Control Panels, and Lyric Control panels. You simply enter your company name or logo, phone number, website, and a brief custom description, preview the changes – then you can publish out to Panels and TC2 Accounts.

Who can access this feature?

All dealers have access to the feature if they have active AlarmNet® accounts.

For security dealers with over 150 active AlarmNet accounts, this feature is available free of charge. If a security company has less than 150 active AlarmNet accounts, a paid subscription will be required for use. Upon launch of this new feature, all dealers will have access to a 6 month free trial period. After the 6 months, an annual flat-rate charge for a year subscription will be required for continued use. This fee will be paid inside AlarmNet 360 while accessing the Total Connect 2.0 branding page.

ProSeries panel branding has no associated costs with it, regardless of total number of AlarmNet active accounts.
