

Honeywell Home

GET A \$85 REBATE WHEN YOU ENROLL ANY HONEYWELL HOME SMART THERMOSTAT

Save with Con Edison

Save with Con Edison

Earn rewards from Con Edison as a thank you for helping reduce stress on the power grid during peak times throughout the year.

How it works

- 1 Install any Honeywell Home Wi-Fi thermostat
- 2 Once it's been connected to Wi-Fi, visit honeywellhome.com/rebates
- 3 Connect your Honeywell Home account to your Con Edison account
- 4 You'll receive your rebate through your bill in a few weeks

This means Con Edison will occasionally make brief, limited adjustments to your thermostat during peak times of your neighborhood's energy usage. The summer adjustment periods will typically last no longer than four hours and would likely take place between 11 a.m. and 11 p.m. on weekdays. Plus, you'll always have the control to change the temperature at any time.
