## Rest Easy with Expert Installation and Monitoring, Helping to Keep Your Home Safe

Whether you want to keep intruders out, get alerts about potential dangers, or enjoy the convenience of smart technology, the VISTA H3 has you covered. It's easy to use, adapts to your needs, and helps keep your home safe and comfortable. With VISTA H3, you get more than just a security system—you gain confidence, knowing you're protected by a trusted network of security experts. As your needs evolve, the system evolves too, offering advanced protection and smart automation to keep your space both safe and welcoming.

The VISTA H3 Security System is designed to last and grow with you. Its forward-thinking design supports new innovations, helping you get the most out of your investment while keeping your home secure as technology evolves. With VISTA H3, you're ready for whatever comes next.

While you have full control of your system, you can trust our professional partners to handle installation, updates, maintenance, and monitoring. Trained experts ensure your security is set up to the highest standards right from the start, so you don't have to deal with complicated setups or confusing manuals. Rest easy, knowing you're protected by professionals every step of the way.

When you are away, the Total Connect app helps ensure you stay in touch with your home. And when you come home, VISTA H3 can set the scene, adjusting lighting and thermostats automatically when you disarm the system — giving you a warm welcome home every time.
